FEATURES

4 Home Equity Financing: Is the Federal Government Mortgaging the American Dream?
Julia Patterson Forrester
By promoting home equity financing, the federal government is turning the American dream into the American nightmare.

10 The Need for a Futures Market in Bodily Organs
Gregory S. Crespi
Every year thousands of people die for want of transplantable bodily organs. It does not have to be that way.

16 Advocacy in Action: The Evolution of SMU's Moot Court Program
William V. Dorsaneo III
Redesigning the Moot Court program to fit it compatibly into the reorganized first-year curriculum.
